

The Leadership Machine: Best Practices Research and Leadership Architect® Product Suite Overview

DO YOU KNOW WHAT THE BEST ARE DOING TO DEVELOP THEIR LEADERS AT ALL LEVELS? COME BENCHMARK YOUR PRACTICES AGAINST THE BEST TO IMPROVE YOUR IMPACT!

Participate in The Leadership Machine Workshop. You will learn:

- **Best practices in leadership development:** hear research reflecting the last 10 years of best practices in developing leaders at all levels, including examples and stories, and more recent impact/ROI research. This will help you to build your business argument for effective people development practices.
- **The Formula:** the right competencies; hire the people who have them; staff with people who have/can learn them; help existing people add them; improve people's ability to learn from experience.
- **Overview of Leadership Architect® Suite:** Review the tools and the research that provide an integrated suite of tools.
- **Online Tools Demonstration:** Success Profile Architect® (SPA), FYI® Online, Interview Architect® Online.
- **How to provide maximum impact:** through aligned, competency-based, integrated strategic HR programs.

WHO SHOULD ATTEND:

Practitioners new to competency-based HR processes and/or the Leadership Architect Library of tools, and those implementing strategic approaches to development and facilitating the introduction of developmental language within their organization. All levels.
